

m^xHCM 4

Heat Calculating Meter

Order Code HCM4004

4 to 20 mA - Output – Overview

Product Website
www.hcm4.com

- **High Refresh Rate – EVERY SECOND** (30 times faster than any other manufacturer)
- **Programmable for either Instantaneous Energy (KWh/MWh) or Flow Rate (m3h)**
- **KWh or MWh Readout**
- **800** increment setting range
- **Active Or Passive 4-20Ma**
- **'On Site'** Programming Facility
- **Manufactured to ISOEN 1434**
- **230volts or 24 volts**
- **Open Collector Pulsed Output – With grab circuit)**
- **FREE Calibration Certificate ****
- **Digital High Accuracy Sensors**

** Heat Sensor Leads
